

Due to the snow, this year the Superbowl Games will be played indoors at the high school. The picture above shows the south portion of the High School.

The banquets will still be in the cafeteria as normal. You can see where to enter for them. The Games will be played in the practice facility. The entrance for the games is marked in the picture above.

After the game, you will need to go back outside to the parking lot and walk along the school to get to the banquet. There will NOT be a way to walk between them inside.

Please note the following:

There is NO Food or Drinks, (other than water) allowed in the practice facility where the games are being played. There are NOT bleachers or seats. You are welcome to bring a folding chair to sit on.
